

PC-3000 RAID Data Recovery Basic Online

Training Program

PC-3000 RAID Data Recovery Basic Online Training Program

THEORY

1. RAID basics: what is the Redundant Array of Independent Disks and how does it work.

THEORY

5. Easy automatic modes to solve cases faster. No more need to be a hex-guru to successfully recover data from RAID!

THEORY

2. The overview of the RAID levels:

- ▶ RAID0
- ▶ RAID1
- ▶ RAID10
- ▶ RAID5
- ▶ RAID6
- ▶ RAID50
- ▶ RAID60
- ▶ JBOD

PRACTICE

6. Recovering data from JBOD.

PRACTICE

7. Recovering data from RAID 0.

THEORY

3. Why do we need RAID?

PRACTICE

8. Recovering data from RAID 1.

THEORY

4. The smartest technologies and tricks to recover data from RAID with the PC-3000 RAID/Ultimate Systems.

PRACTICE

9. Recovering data from RAID 5.
